Shape		Know a range of 2D shapes and confidently draw these. Know that paper can be shaped by cutting and folding it.	Know that collage materials can be shaped to represent shapes in an image. Know that shapes can be organic (natural) and irregular. Know that shapes can be geometric if they have mostly straight lines and angles. Know that patterns can be made using shapes.	To know that negative shapes show the space around and between objects.	To know how to use basic shapes to form more complex shapes and patterns.	To know that a silhouette is a shape filled with a solid flat colour that represents an object.	To know how an understanding of shape and space can support creating effective composition.
Line		Know that drawing tools can be used in a variety of ways to create different lines. Know that lines can represent movement in drawings.	Know that lines can be used to fill shapes, to make outlines and to add detail or pattern.	To know that different drawing tools can create different types of lines.	To know that lines can be lighter or darker, or thicker or thinner and that this can add expression or movement to a drawing.	To know that lines can be used by artists to control what the viewer looks at within a composition, eg by using diagonal lines to draw your eye into the centre of a drawing.	To know how line is used beyond drawing and can be applied to other art forms.

Texture		Know that texture means 'what something feels like' Know that different marks can be used to represent the textures of objects Know that different drawing tools make different marks.	Know that collage materials can be chosen to represent real-life textures. Know that collage materials can be overlapped and overlaid to add texture. Know that drawing techniques such as hatching, scribbling, stippling, and blending can create surface texture.	To know that texture in an artwork can be real (what the surface actually feels like) or a surface can be made to appear textured, as in a drawing using shading to recreate a fluffy object.	To know how to use texture more purposely to achieve a specific effect or to replicate a natural surface.	To know how to create texture on different materials.	To know that applying thick layers of paint to a surface is called impasto, and is used by artists such as Claude Monet to describe texture.
